Neal Fulwiler 663-9076

General Meeting: November 20, 2007 7:00pm

Steel Workers Hall, Rock Island Road, East Wenatchee

Game Meat: Ron Bruno is looking for some variety in wild game meat since we have enough elk. He could use cougar, moose, bear and etc. Since Ron has reduced the number of dishes being served, he has had to increase the amount of meat from 40 lbs to 60 lbs per dish. That does not mean 60 lbs exactly, but much more than 40 lbs. Contact Ron at 884-9369 or cell 679-2359.

Certificates: Our “Eyes-In-The-Woods” certificates are in. They will be available at our November 20th meeting.

Cooler: Matt Gutzwiler (663-1526) has offered his large cooler for use to cool donated wild game meat. Other coolers available are – one at Ron Bruno’s (884-9369), another at Neal Fulwiler’s (663-9076) and George Komro’s (884-5359).

Department Report: There will not be a department report this month due to the loss of Amy Woods. Through the hiring process from a temporary to permanent employee Amy lost her job. Amy – we as club members feel we have lost a very valuable and special person, who came in and filled Bob Perleberg’s boots right to the gnats eye. We will miss you and wish the best to you in the future.

As stated in the October 2006 newsletter, check your Hunting and Fishing Pamphlet for closure dates and it is mandatory to report harvest / non-harvest of elk, deer, bear and cougar if you hunted any of the those listed.

Little Big Horn Show / The December Program: Our “Little / Big Horn Show” is on again. We welcome any trophy whether large or small, pictures and etc. from 2007 back to whenever. It is your trophy and your story. If you need help getting them there on Dec. 18th, call Matt Gutzwiler (663-1526), Bill Stegeman (663-7529), Pon Poppe (662-3957). Let’s make this the largest “Little / Big Horn Show” ever.

November Program: An individual from N.W. Conservation will speak on Grizzly bear recovery. Part 2 of the program will be Ken McManee (DNR –Ellensburg office) and he will speak on road closures by way of gates and etc. in the Colockum area.
