WSA ISSUES

Meat Donations. I'm disappointed to be the bearer of bad news but we had a freezer die on us this summer and we lost a majority of our frozen meat donations for the year. This is a real setback to us for the Game Feed. Thankfully we have another freezer that we had purchased a few years ago (but never used) to take its place. We have also invested in freezer alarms will be installed in both of our meat freezer that will sound an alarm if they quit working. Looking back you should have invested in these alarms years ago, but hindsight is always 20/20. Looking forward to hope to never have this problem again.

Game Feed Volunteers. We are also looking for Game Feed volunteers for our 2020 event on February 29th, 2020. If you would like to help with this fun event please contact Robert Scoville at

The Three RRRs; Recruitment, Retention, and Reactivation. Last but not least, do all us hunters a favor and commit to taking one new person hunting this year. We need more hunters in this world not less. Take them and show them to love for nature, wildlife, and the great outdoors. If we call committed to taking one new person out it would go along ways towards creating that next generation of hunter conservationists.

Youth Hunting and Fishing Day Volunteers still NEEDED!

If you can volunteer please do. We still need more people to help with this event. Please contact Matt Gutzwiler if you can help us out. 509-421-9282.

WDFW

With grouse season likely open by the time you read this please remember to help WDFW out and deposit grouse wings in the drop off locations listed on their website. The site also includes how-to instructions.

Bear season is upon us, and this year they've increased the annual limit to two bears in eastern Washington, check the regs and if you don't think you can eat two bears then just eat one bear and DONATE THE OTHER! It's a win win.

Archery seasons are also opening so good luck to all the Robin Hoods out there, may you sharp sticks fly straight. And to quote father of modern archery, Fred Bear:

“A hunt based only on trophies taken falls far short of what the ultimate goal should be.”
